

# ELECT MIKE HARMON AS YOUR STATE REPRESENTATIVE

*Mike Harmon believes in family ties. Our faith and these ties are the cornerstone of this great country.*

"I would like to remember my father who passed away during a previous election. He and my mother have given me the support and 'guard rails' that I have needed for my life.

"As a husband and father, I understand the needs of the family. As a man who goes to work every day, I understand the trials and struggles of the middle class. Because of the ever-growing tax burden, most people must work more and more to keep less and less.

"Although I live in Boyle County, I have many roots in Washington County. My grandfather, the late J.C. Harmon and my grandmother, Mable Harmon, had a farm near Mackville on which I enjoyed many a childhood day. My father, the late Darrell Harmon, was raised on that same farm until he married my mom.

"I will work hard as your representative to remember both the county of my heritage, as well as the county of my residence."

Harmon  
and Janet  
Ann (Best)  
Harmon

## In Frankfort, Mike will work hard for...

### QUALITY EDUCATION

Mike Harmon, a father of two daughters, is concerned about improving our schools. He knows that education needs to be built on the basics of reading, writing, math, science, and history.

### AFFORDABLE HEALTH CARE

Mike supports legislation to stabilize the cost of insurance, encourage competition, and to offer consumers more choice and access to quality.

### TAX RELIEF AND MORE JOBS

As a taxpayer, Mike believes that government should plan wisely, spend appropriately, and, if possible, return excess funds to the people. Like you, he works hard to provide for a family, and he wants to help bring more jobs to Washington County without losing those we already have.

*"It would be a great honor to serve the people of Washington and Boyle Counties with the courage and conviction needed for public service. Together, with the right vision and the right values we can make a difference."* Mike

"Mike will be a strong pro-life legislator and has strong family ties to this community. He will make a great representative for Washington County."

— STATE SENATOR DAN KELLY

Mike has received the official endorsement of Congressman Ernie Fletcher, Congressman Ron Lewis, and the Kentucky Right to Life Association PAC.
